- 5.6 A Competitor who has validly signed in to play in a Set Tee Time Competition but fails to be at the appointed tee ready to tee-off at the scheduled time shall incur a 2-stroke penalty on the first hole or, if more than 5 minutes late, will be disqualified.
- 5.7 Subject to any overriding conditions imposed by the Proprietor/the Pro Shop and adherence to the general principle of Competition playing groups being randomly drawn, Competitors are permitted to use a golf buggy in Competitions with the

following exceptions (where only Competitors who (a) are defined as disabled according to the Equality Act 2010 or (b) requests supported by a Medical Certificate will be considered by the Competition Secretary on a case by case and Competition by Competition basis):

- 6.1.2 No objection from the Junior Coordinator or their acting alternate;
- 6.1.3 In the case of Singles Knockout Competitions, being aged 16 or over;
- 6.1.4 Meeting the gender criteria stipulated in the Competition Bible;
- 6.1.5 The provisions of this Policy; and
- 6.1.6 Any other published conditions in force from time to time.

7. Specific Provisions for Knockout Competitions

7.1 Competitors must be willing to play at weekends if no other day can be agreed.

7.2 There will be no seeding.

7.3 The Competitor in each match whose name/s appears first (higher) on the Draw Sheet will be the "Challenger".

7.4 Challengers should make their challenge within 8 days from the Start Date of each round. The Challenger/s must offer, three separate dates and times, two of which must

be on separate weekends. If no date and time is suitable, the challenged Competitor must offer 3 alternative dates and times, two of which must be on separate weekends. If no alternative dates and times are suitable, then both Competitors will be excluded from the next round.

- 7.5 If the challenge is not made within the 8 day period the [un]challenged Competitor will have the option of taking on the role of Challenger and if they take up that option they will be in the same position as if they had been the original Challenger except that if no date and time can be agreed for the tie to be played, they (the original [un]challenged Competitor/Team) will proceed to the next round.
- 7.6 If a match date and tee time is agreed and arranged, and one of the Competitors subsequently requests that it be rescheduled (or postponed), their opponent is entitled to refuse the request and claim the match. If the opponent does agree to reschedule the match, it must still be played before the deadline for that round. If for whatever reason, a rescheduled (or postponed) tie is then not played, the Competitor/Team which requested the original postponement must forfeit the match unless an extension approval is granted by the Competition Secretary in accordance with the provisions of this policy.
- 7.7 Notwithstanding the default position set out in this section above, in the event that a match cannot be arranged by the **deadline for a round of matches to be completed**, a Competitor may request an extension from the Handicap Secretary. Exceptionally, the Handicap Secretary may approve such a request provided that the opponent in the match also agrees to the extension and revised date on which the match will be played.
- 7.8 A Competitor in a pairs match may be substituted for another Competitor after the draw but not after the team has played its first match in the Competition. The substitute must not have been in the original draw for the Competition and must meet the Competition eligibility criteria.
- 7.9 Once a substitution in a pairs match has taken place, the original Competitor substituted, may not take any further part in the Competition.
- 7.10 Strokes received will be based on the Competitor with the lowest Handicap Index whether present or not.
- 7.11 In a singles match if a Competitor fails to arrive by the appointed tee time for a match, they will lose the first hole and, if they arrive more than 15 minutes after the appointed tee time, they will forfeit the match - unless both players agree otherwise.
- 7.12 In a pairs match, if one Competitor in a Team is not present at the appointed tee time, the match will start without that Competitor. Should the absent Competitor arrive after the start of the match, the Competitor may join the match at the playing of the next hole. If both Competitors in a Team miss the appointed tee time, the Team will lose the first hole and, if they both arrive more than 15 minutes after the appointed tee time, they will forfeit the match - unless all Competitors involved in that Match agree otherwise.
- 7.13 The toss of a coin will decide the honour on the 1st tee.
- 7.14 Caddies may only be used in the final round.

- 7.15 The Committee may elect to appoint a Referee for each final match.
- 7.16 A Competitor who is unable to complete a Match Play event (for whatever reason) will forfeit the match unless all Competitors involved in that match agree otherwise.
- 7.17 In the event of a match being all-square after 18 holes (or 36 holes as the case may be), extra holes will be played starting at the first hole, under the same handicap allowances as applied at the start of the match, until a hole is won.
- 7.18 In the event that a match cannot be completed due to:
- 7.18.1 An official course closure/suspension of play which remains in force for more than 60 minutes - the match will be deemed validly completed based on the score at the time of closure if 9 or more holes have been played. Where less than 9 holes have been completed and the course remains closed for more than 120 minutes, the match will be abandoned and a new match arranged.
 - 7.18.2 Poor Visibility – which persists for more than 60 minutes after the completion of a hole on which a player validly and in good faith declares such. In the case of such an event the match will be deemed validly completed where 9 or more holes have been completed. Where less than 9 holes have been completed, the match will be abandoned and a new match arranged.
- 7.19 Winners of each round of matches will be responsible for entering the winners name(s) in IG.

8. Appeals

- 8.1 Competitors may appeal against disqualification by lodging an appeal in writing to the Competitions Secretary (within 7 days of results being posted,) giving reasons why they believe the ruling should be changed.
- 8.2 Any appeals against decisions made by a Competition Referee in respect of the interpretation of the Rules of Golf or any other disputes arising in respect of compliance with this Competition Policy must be referred immediately to the Competition Secretary for resolution.
- 8.3 An appeal against a decision made by the Competition Secretary must be made immediately, in writing, to the Club Captain for consideration by the Men's Committee at their earliest convenience.
- 8.4 All decisions made by the Men's Committee are final subject to any overriding provisions contained in other Club Policies or the Constitution.
